Please note that while a school may refuse to reissue a ticket to a student if the student has had three replacements and the other requirements have been met, the school must continue to issue a ticket to the student at the time the lost ticket would normally have been used up. For example, if a school issues a 20-day ticket and a student has had three replacements, the student would be entitled to another ticket once the 20-day period has expired.

Please contact our office if you have any questions.
